## HISTORY IN THE MAKING : CAMILIO'S

by: Devoted customer

### **Cam & Joe:**

Arriving from Lebanon in 1983, Cam and Joe formed a partnership and decided to expand the already existing best pizza joint in town into a restaurant that would give the community a familiar place to gather. Cam and Joe's struggles and will to achieve their goals are summed up by the response they gave when a loan manager asked them; "what is your security?", and they replied "OUR HANDS". Throughout the years, Cam & Joe have both lived up to that answer and have proven their ambition and passion in their work, as well as their love for the community.

### **Family & Community:**

Cam & Joe's love for the community resonates in the atmosphere at "Camilio's". After so many years in Beacon Hill, Cam, Joe and their family have come to know every one of their customers by name, "Our customers quickly became our family" they said. It is obvious to see and feel that "Camilio's" is a family ran restaurant when customers share a good laugh with Joe while enjoying Cam's incredible homemade recipes. It is evident to see that Joe & Cam's loyalty to the neighborhood has given the community a reason to stay loyal to them.

### **Fun & Games:**

Cam and Joe are always at the restaurant together, giving it their all, yet they always make time for humor. Cam's teasing frustration with Joe's messy writing when orders are taken and Joe's joking and flirtatious manner with the customers are notorious at "Camilio's". Customers are well aware of Joe's broken English and that it has come a long way from the days he would not answer the phone because he didn't know what to say in English, and the problems that came when he did. Nonetheless, Cam's business ethics and incredible recipes, combined with Joe's joker manners, create the perfect balance for a welcoming and fun atmosphere.

### **Thank you's:**

After many years of hard work, Cam, Joe and the family are not done yet, they are happy with what this restaurant has become and are looking forward to see where it will go. "We are happy with what we did as a family to make this business prosper and we are confident that we will continue throughout the future". Camilio's is thankful for the Community's support, because without them, Camilio's would not be what it is today.

"To make a flower survive, you must water it. To make my ambition survive, I must work". Camil
